

Phoenix solar panel reviews

Overview

I don't usually recommend leasing your solar panels because it can make it difficult to sell your home and result in lower lifetime solar savings. But leasing might be best if you don't have the upfront cash for an installation, can't use the federal solar tax credit, or don't qualify for loan options. Of the big leasing companies.

Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased.

Batteries have become increasingly popular because they take an intermittent energy source like solar and turn it into a reliable and consistent supply of electricity. I.
