

# Picture of the solar system for colouring

## Overview

---

A solar system coloring page is perfect for a mobile, and this craft is easy for children of any age. Once the solar system is colored, have the youngsters cut out each individual planet and punch a hole at the top. A piece of white thread should be used to tie the planets to an embroidery hoop. The embroidery hoop can be.

Many people decorate Christmas trees with stars, but why not with a planet?

Solar system coloring pages can be used to make simple Christmas ornaments, including an ornament for the top.

A great way to use solar system coloring pages is to create glow-in-the-dark ceiling art! This is easy, and kids love it. The key is coloring the page with glow-in-the-dark paint or markers rather than.

Have your youngster make a solar system poster to turn a coloring page into terrific artwork. Using a large piece of black construction paper, use tiny dots of white paint to create stars. Next, place a large sun in the middle. Color the solar system page and cut out the individual planets and transfer them to the poster. This makes a beautiful pie.

To make an unusual solar system decoration, take a large, yellow pom-pom and create a tiny vertical hole through its center. Thread a piece of ribbon through and glue it to a button at the top so that it doesn't fall back through. Cut out the planets from the finished coloring page, and glue each one onto the ribbon, one on top of the other. This m.

Why should you use solar system coloring pages?

The pages also encourage fine motor skills and promote interest in astronomy. Jump into space and begin your space coloring adventure with the solar system today!
