

Planet song preschool solar system

Overview

What are some interesting facts about the planets in a song?

The song mentions the planets' noteworthy features, such as Mercury being so small, Venus being the brightest of all, Uranus being full of gas, red, dry, marvelous Mars, and Neptune being so far from the sun. With these descriptions as part of the lyrics, children can remember and connect these unique characteristics to each planet during lessons.

Is there a song about the Solar System for kids?

The article mentions 'The Solar System Song' which is a 'silly song about the solar system for kids'. The production values may be low, but the song is clever and the information is correct.
