

# **Portable pv system EPC service price in Greenland**

## Overview

---

How many MWp of PV installations are there in Europe?

We have been realizing ground-mounted systems and rooftops around Europe for more than eight years. We have planned and implemented more than 300 MWp of PV installations in the United Kingdom, Europe, and the Middle East. Your project is in safe hands with us!.

Why should you hire a photovoltaic EPC contractor?

Having one contractor to handle photovoltaic EPC means being in control of every stage in project development, with close supervision over logistics, regulations and construction issues. secure long term performance by a choosing an advantageous operations and maintenance plan. What makes Telenergia a leading EPC contractor?

.

How does EPC work?

The project development usually ends with the handover of the development documents by the project developer to us, the EPC service provider, as part of the "technical due diligence package". Our EPC scope of work typically ends with documentation, acceptance and transfer to the operational phase.

What is EPC management?

As part of EPC management, we provide support in the professional tendering of components and construction services as well as in the negotiation of contracts with suppliers. During the construction phase, we control and coordinate all trades and deliveries within the framework of coordinated logistics and time management.

How many MWp of PV installations are planned & implemented?

We have planned and implemented more than 300 MWp of PV installations in

the United Kingdom, Europe, and the Middle East. Your project is in safe hands with us! We currently have offices located across European and Middle East countries such as the United Kingdom, Spain, Germany, Denmark, Bulgaria, and Abu Dhabi.

How does the EPC scope of work end?

Our EPC scope of work typically ends with documentation, acceptance and transfer to the operational phase. Of course, we are still available to answer on any queries. And if something does not work as planned, we support you as a reliable partner and comply with our contractual obligations.
