

Solar360 Mobile Energy

Portable solar container EPC service price in Germany

Overview

What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest. Panels lay flat on the ground.

How many PV modules are in a solar container?

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ecologically-friendly aluminium rail system guarantees a mobile solution with rapid availability. at full power.

How many households can a solar Container Supply?

Based on an average power consumption of a 4-person household of 4000 kWh per year and a location in Southern Germany, the solar container can supply approx. 32 households with climate-friendly electricity. At a location in Southern Europe it can even be up to 50 households due to the high solar radiation.

What is a solarfold photovoltaic container?

at full power. The solarfold Photovoltaic Container is mobile for universal deployment with a light and versatile substructure. The semi-automatic electric drive unit manoeuvres the mobile photovoltaic system into its operating position rapidly and smoothly along a length of around 123 metres.

Who are the best solar EPC companies?

Goldbeck Solar GmbH: EPC company from Hirschberg Established in 2001, Goldbeck Solar GmbH boasts a stellar reputation for delivering turnkey solar

EPC solutions. Their specialisation in large-scale solar projects has enabled them to accumulate an impressive installed portfolio capacity of over 1.5 GWp.

How many installers does a solarcontainer need?

At least 3-4 installers and 1 crane operator are needed to put the Solarcontainer into operation within one day. How many households can one Solarcontainer supply with electricity?

Portable solar container EPC service price in Germany

Typen und Preise

Wir schaffen einen unabhängigen Container, der mit einem 3 [kW] Wechselrichter und Energiespeicher 3,84 [kWh] ausgestattet ist. Für dieses Konzept ist kein Anschluss an das Stromnetz erforderlich. Die Container können nicht ...
