

Portable solar lighting design

Overview

What is commercial solar powered portable lighting?

Commercial solar powered portable lighting is an efficient way to drastically decrease electricity bills. Our 100% off-grid system helps you save big money as it does not require trenching and has low maintenance costs for temporary construction lighting. Greenshine has more than 30 years of experience in offering portable led light towers.

What is a mobile solar light tower?

The mobile solar light tower is a portable lighting system integrating solar panels, LED lighting, intelligent control, 4G monitoring system, communication base station, and a hybrid battery storage of solar and grid electricity, suitable for various temporary or long-term lighting needs.

Why should you choose a portable solar light tower?

Less maintenance means less time and money spent on temporary lighting for construction sites. Our portable solar light towers are constructed with mono-crystalline panels that are the most efficient on the market today (20% of total possible power), surpassing poly-crystalline (rated at 15% efficiency).

How many watts is a Porta solar light?

The industry's first and only above ground Portable Solar Light! The Porta comes in 20W, 30W and 40W, 20' pole with both single and dual fixtures. Our Solar Lighting Tower comes in several options including 4 x 25w floodlights, 4 x 50w floodlights, and 4 x 100w floodlights.

Why should you choose a temporary solar light tower?

Green Frog Systems' portable solar lighting solutions provide a clean, silent alternative to diesel-powered light towers—engineered for performance in the world's toughest environments. Why Choose Temporary Solar Lighting?

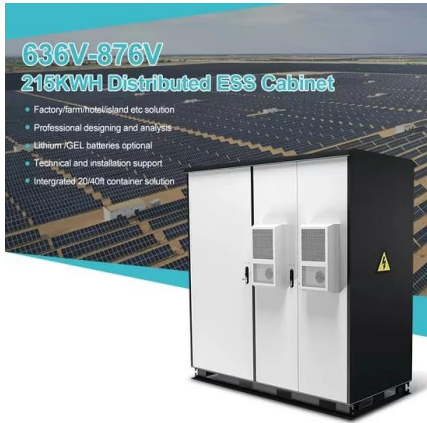

Fully Portable, Zero Emissions: Our solar light towers are self-contained and forklift-ready. No trenching. No cabling.

Are portable construction lights silent?

Because these portable construction lights are powered by the sun, they run completely silent and create no vibration. Preventative maintenance is a non-issue for our temporary lighting solutions with only the batteries that need to be changed every 5-7 years for construction led lighting.

Portable solar lighting design

UST-2400 New Design Portable Mobile Solar Power Light Tower ...

UST-2400 mobile solar trailer devoted into clean energy's application in emergency use lighting, surveillance and telecom. It is towable, easy to deploy and without fuel cost, no noise, no smell .
