

# **Portable solar panels for motorhomes uk**

## Overview

---

Can a solar panel be used on a motorhome?

The simplest and quickest way to use a solar panel on your motorhome is to buy a portable solar panel. These panels have a stand that allows you to set the panel up outside the motorhome, pointing it directly at the Sun. SunWorks portable solar panels have an adjustable stand that also allows the panel to be tilted up or down.

What is a motorhome solar panel kit?

A motorhome solar panel kit includes everything you need to generate and use green energy in your vehicle. That can include solar panels, mounts and wiring for the panel, a charge controller to manage batteries, leisure battery to store the energy and cables to make everything work.
