

Power home solar lawsuit update

Overview

Now, dozens of the company's customers are part of a class action suit, claiming they were misled by salespeople and company representatives who ended up selling them defective solar panel systems.

Now, dozens of the company's customers are part of a class action suit, claiming they were misled by salespeople and company representatives who ended up selling them defective solar panel systems.

On October 7, 2022, Power Home Solar, LLC, dba Pink Energy, filed a voluntary chapter 7 petition. A 341 meeting of creditors was held on November 16, 2022, at 1pm ET. The meeting of creditors has been continued to December 13, 2022, at 10:00 am ET. The continued meeting will be conducted in the.

HAMPTON ROADS, Va. (WAVY) – There might be some hope for homeowners involved with a now-defunct solar panel company. 10 On Your Side has been investigating Pink Energy, the company formerly known as Power Home Solar, for more than a year. Now, dozens of the company's customers are part of a class.

The company, formerly named Powerhome Solar, has closed down its entire business and filed for bankruptcy. They used to be a solar installer who sold solar panels to at least 25,000 to 50,000 people. But when your solar panel company goes bankrupt – what happens to you?

There's no one maintaining.

Will customers with faulty solar panels get their money back after company bankruptcy?

Watch News 13 This Morning for complete coverage of all things back-to-school! Weekday mornings from 4:30-7 a.m. Will customers with faulty solar panels get their money back after company bankruptcy?

Solar panels.

Sunlight Financial on May 1, 2021. On May 25, 2021, PHS installed twenty-eight solar panels on the roof over appellees' indoor pool room. In June of 2021, the panels failed an electrical inspection. After a heavy storm on June 30, 2021, there was leakage and flooding from the roof where the panels.

On October 7, 2022, Power Home Solar, LLC d/b/a Pink Energy filed for protection under Chapter 7 of the United States Bankruptcy Code. Unfortunately, Pink Energy is now closed and is no longer operating. Attorney Jimmy Summerlin of Hickory has been appointed by the Bankruptcy Court as the Chapter 7. Should I file a lawsuit against a solar panel company?

Consulting with an attorney specializing in solar panel litigation can help determine the best approach for your case. Ongoing lawsuits show that homeowners have strong cases against lenders when misrepresentations and contract breaches happen. If a solar company wronged you and is now out of business, you may have legal options.

What happens if a solar power company goes bankrupt?

If a solar power company goes bankrupt, your claims are likely strong because they have likely breached your contract by not following maintenance or warranty provisions.

What is the success rate of home insurance lawsuits?

Based on recent case results, the success rate for these lawsuits has been strong. Homeowners who present clear evidence of misrepresentation—such as false energy savings claims, unfulfilled warranties, and fraudulent tax credit promises—are seeing favorable outcomes.
