

# **Retractable solar panel container EPC service price in Bahamas**

## Overview

---

Whether you require a rooftop solar plant, solar water heater, solar pump, solar light, or even a solar EV charging station, we have you covered. As a responsible solar energy company in Bahamas, we are committed to promoting sustainable practices and reducing carbon footprints.

Whether you require a rooftop solar plant, solar water heater, solar pump, solar light, or even a solar EV charging station, we have you covered. As a responsible solar energy company in Bahamas, we are committed to promoting sustainable practices and reducing carbon footprints.

We evaluate your home or business's energy usage and utility rate to determine potential solar savings. With the initial evaluation we're able to determine payoff period and ROI. The solar systems we install typically have a payback between 4-7 years and a 18-20% return each year.

Green Bahamas has a complete electrical service department that are qualified to complete residential, commercial and industrial work. With over 15 years' experience, we pride ourselves in getting the job done and done right.

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean. We specialize in commercial systems from 50 kW to multi-megawatt utility scale systems.

What is the minimum order quantity?

The minimum order for solar panels is one pallet. The number of panels per pallet depends on the specific model and manufacturer.
