ENERGY STORAGE CONTAINER

## Overview

---

Why is Bergen a key node in Norway's solar supply chain?

This synergy between production and innovation establishes Bergen as a vital node in Norway's solar panel supply chain ecosystem. Otovo Norway is a standout in the Norwegian solar market, known for its comprehensive range of solar panels and solar inverter solutions.

How many solar panels can a racking system hold?

The solution is based on the company's Exorac Tryptic racking technology which can include two racks able to host up to 30 solar panels. The system can be retracted, tilted and locked into the container, which the manufacturer says protects it from threats such as theft, vandalism or hurricanes.

What is a Tryptic solar array?

The Tryptic solar array. Image: PWR Station Switzerland-based start-up PWRstation has developed a container-based retractable PV system solution that is claimed to allow a large number of solar panels to be deployed very quickly by a single person.
