

Ring automotive solar panel

Overview

What is a ring solar panel?

The Ring solar panel uses the power of the sun to give an endless supply of power so you'll never have to worry about changing batteries, keeping your home secure at all times. Protect your home and the people you love with Ring video doorbells, indoor and outdoor security cameras, floodlights and plug in doorbells.

What is Ring super solar panel?

The Ring SUPER solar panel is the right product for the spotlight and stick-up cams. The output power of this panel is high both in number but also in impact. The bigger size means it will capture more sunlight for conversion to power. In the time of rainy days, it will charge the battery for extra life.
