

# **Solar battery charger at harbor freight**

## Overview

---

Does Harbor Freight have a battery charger & maintainer?

Keep your battery in top condition even when your vehicle is in storage with chargers & maintainers from Harbor Freight. Easy to use and simply connect. When it comes to keeping your vehicles and equipment powered up and ready to go, having a reliable battery charger, maintainer, or float charger is paramount.

What is a solar charge controller?

The charge controller reduces overall system maintenance and prolongs the life of your battery. This solar charge controller or "charge regulator" is capable of handling a solar cell array voltage of 15-25 volts. IMPORTANT.

How much does a solar charge regulator cost?

The regulator provides overcharge protection at 14 volts and discharge protection at 10.5 volts. Compare our price of \$14.99 to SCHUMACHER ELECTRIC at \$27.86 (model number: SPC7A). Save 39% by shopping at Harbor Freight. This solar charge regulator protects and regulates the charge of a 12 volt storage battery using solar panels.

How does a solar charge regulator work?

This solar charge regulator protects and regulates the charge of a 12 volt storage battery using solar panels. The solar charge regulator features three LED indicators (high voltage, low voltage, charging) and three connections for the solar panel (keyed two-pin connector), battery (keyed two-pin connector) and 12v output (3 in. pigtail).

How do I contact Harbor Freight?

Learn More Recall & Safety For any difficulty using this site with a screen reader or because of a disability, please contact us at 1-800-444-3353 or [cs@harborfreight.com](mailto:cs@harborfreight.com). Google Recaptcha Harbor Freight buys their top quality

tools from the same factories that supply our competitors. We cut out the middleman and pass the savings to you!.

Can you use a solar panel to charge a car?

Save 26% by shopping at Harbor Freight. Get 7 watts of power to top off batteries for vehicles in storage. You can also use this compact solar panel to charge small batteries for powering electronic devices. Constructed of amorphous crystal, this panel provides superior performance in bright sun and in partial shade.
