What makes solar EPC a good company?

Solar EPC believes in fostering positive relationships with clients and subcontractors that are built on trust, stewardship, collaboration and accountability. Our commitment to the success of a project is evident every step of the way. Our corporate culture dedicated to professionalism and follow through.

Do Solar Kits include batteries?

The point of these solar kits is that they provide a designed system with all the components necessary. However, not every kit has everything included; some systems do not include batteries, some might exclude mounting equipment. It is important to find a system that meets all of the checkmarks for what you need.

What types of solar panels do Eco-worthy offer?

Eco-Worthy offer many different types of solar panel kits and sustainable energy products, from small 100w-1kw solar kits to larger 2kw-5kw kits, and even hybrid wind kits.

Does CDN solar offer a do-it-yourself solar kit?

CDN Solar offers a full range of do-it-yourself solar kits for you to choose from. Whether you need solutions for your Off Grid property, looking to reduce utility bills with a Grid Tie kit or to take your RV off grid for longer. We offer a number of options for you depending on your requirements and all kits come with everything you need.

Does MT Solar have battery storage & backup options?

Contact us for battery storage & backup options. MT Solar uses steel beams for vertical supports instead of galvanized pipes for our best looking ground mount solar system. Multi-pole and self-ballasting mount also available. Prices listed are MSRP. Contact us for applicable discounts and lowest price.
