

# **Solar container kit EPC service price in Spain**

## Overview

---

Where can I buy solar panels in Spain?

Solar kits for sale are supplied by Power Gardens, a company that has been selling and installing solar stations in Spain for 8 years. Our kits are distinguished by high quality, reliability and efficiency. They include everything you need to install and connect solar panels to your electrical grid.

What does EPC stand for?

Solar engineering, procurement and construction (EPC) services. Solar photovoltaic systems are an essential part of the Spanish energy mix. As a specialist photovoltaic services company, Ethical Power can deliver the full-wrap EPC (Engineering, Procurement, Construction) of solar photovoltaic projects of all sizes.

What is a solar panel kit?

Solar Panels: The Core of Your Solar Panel Kit. Solar panels are the main component of the solar panel kit, as they convert sunlight into electric current. Our solar panels are made of high-efficiency monocrystalline or polycrystalline cells, which can produce more power per unit area than other types of cells.
