

Solar container price turnkey solution price in India

Overview

What is a containerized solar PV system?

Powtech's Containerized Solar PV Solution utilizes innovative hybrid technology housed within a standard 20-ft marine container, delivering up to 10,000 kWh of energy annually. The system integrates solar panels positioned atop the container, boasting a power capacity range of 4 to 8 kWp, complemented by a reliable battery backup system.

Why should you choose a turnkey EPC solution in India?

Our comprehensive Turnkey EPC solutions in India seamlessly integrate solar power into your operations, ensuring a smooth journey from concept to completion. Our team of dedicated professionals, boasting decades of experience, meticulously crafts each project to maximize your savings and minimize your environmental impact.
