

Solar electric fence controller kit

Overview

What is a solar electric fencer?

Portable solar electric fencer: All-in-one battery and solar electric fence kit designed for portability. Durable, heavy-duty polycarbonate enclosure for weather resistance, rust, and corrosion protection. Easy to move anywhere you need electric fence wire with a simple one-piece hybrid design.

How do I set up a solar-powered electric fence?

Electric fence kit: Ideal for remote areas with no mains power, setting up this solar-powered electric fence is easy even with zero experience. Connect your netting fence, wire, polytape, polyrope or polywire to the electric fence energizer, and enjoy hassle-free electric fencing in minutes.

Are solar-powered electric fence kits a good choice?

It is the most common issue faced with this product. Solar-powered electric fence kits are the perfect choice to fend off predators in remote areas. They offer a great alternative, as you can use them even when there is no AC power available. They are powerful and can easily send a jolt that can ward off any intruders invading your space.

Where can I find electric fence kits and energizers?

At Agri Supply, you can find electric fence kits and energizers, along with various gauges and types of wire. Agri Supply offers electric fence controllers, which include circuit boards, chargers, and testers, to protect livestock from predators and your garden from invaders.

What kind of battery does a solar fence Energizer use?

High-capacity battery storage for up to 10 days of containment and predator protection in remote areas High power solar fence energizer: Our portable solar charger kit uses a premium Panasonic 7.4V/3.4AH Lithium Ion battery giving you a low-impedance and 0.1 joule output.

What is a solar electric fence charger?

Solar electric fence charger: Our cutting-edge 2.3W solar panel charges fast in low light conditions, ensuring reliable power for your solar fence charger. High-capacity battery storage for up to 10 days of containment and predator protection in remote areas
