

Solar electric fence controller

Overview

What is a solar electric fencer?

Portable solar electric fencer: All-in-one battery and solar electric fence kit designed for portability. Durable, heavy-duty polycarbonate enclosure for weather resistance, rust, and corrosion protection. Easy to move anywhere you need electric fence wire with a simple one-piece hybrid design.

What is a solar electric fence charger?

Solar electric fence charger: Our cutting-edge 2.3W solar panel charges fast in low light conditions, ensuring reliable power for your solar fence charger. High-capacity battery storage for up to 10 days of containment and predator protection in remote areas.

Do you need a solar fence charger?

Thankfully, there's an easy answer to questions of location, budget, and safety: a solar fence charger. Fitted with a solar panel, a solar charger is designed to power your electric fence and charge your battery during sunlight hours, so that your battery can run independently through the night.

Where can I buy electric fence controllers?

Agri Supply offers a range of electric fence controllers to help keep livestock in and garden invaders out. You can find electric fence supplies such as wire, ground rods, lightning constrictors and surge suppressors here, as well as solar electric fence chargers, battery-powered fence chargers, and standard electric chargers.

What is the best solar fence charger?

With low impedance technology to minimise battery drain even when your fence is in contact with weeds, and with a one year warranty (even against lightning strikes), the Zareba ESO2M-Z solar fence charger is the most affordable fence charger on this list, and remains one of our favourites.
