

Solar for all awardees

Overview

The U.S. Environmental Protection Agency on April 22 announced 60 selectees that will receive \$7 billion in grant awards through the Solar for All grant competition to deliver residential solar projects across the U.S. The grant competition is funded by President Biden's Investing in America agenda.

The U.S. Environmental Protection Agency on April 22 announced 60 selectees that will receive \$7 billion in grant awards through the Solar for All grant competition to deliver residential solar projects across the U.S. The grant competition is funded by President Biden's Investing in America agenda.

Under the \$7 billion Solar for All program, the 60 grant recipients will create new or expand existing low-income solar programs, which will enable over 900,000 households in low-income and disadvantaged communities to benefit from distributed solar energy. Collectively, these programs will deliver.

Earlier today, the Environmental Protection Agency (EPA) announced 60 awardees for its \$7 billion Solar for All program, which will create and expand solar programs that deliver meaningful benefits to underserved and disinvested communities throughout the country. Solar for All is one of three.

On April 22, as the Biden-Harris Administration celebrates Earth Day, the U.S. Environmental Protection Agency announced 60 selectees that will receive \$7 billion in grant awards through the Solar for All grant competition to deliver residential solar projects to over 900,000 households nationwide.

Washington – On April 22, as the Biden-Harris Administration celebrates Earth Day, the U.S. Environmental Protection Agency announced 60 selectees that will receive \$7 billion in grant awards through the Solar for All grant competition to deliver residential solar projects to over 900,000.

The funds will support community solar programs and improve access to rooftop solar, according to the U.S. Environmental Protection Agency. The Environmental Protection Agency on April 22, 2024, awarded \$7 billion to help bring solar power to low-income communities. xphotoz via Getty Images This.

EPA announces 60 selectees under Greenhouse Gas Reduction Fund grant competition to deliver solar to more than 900,000 low-income and disadvantaged households nationwide through the President's Investing in America agenda Contact: EPA Press Office (press@epa.gov) Washington - Today, April 22, as.
