Solar for all grant arizona

Lithium Solar Generator: S150

Overview

What is solar for all Arizonans?

The Solar for All Arizonans program plans to deploy just over 61 MW of new solar resources throughout the state, benefitting thousands of low-income families, renters, and rural and Tribal communities. “Solar for All Arizonans is a critical program that will lower energy costs for thousands of Arizonans,” said Governor Katie Hobbs.

How much money does Arizona get through solar for all?

April 22, 2024 SAN FRANCISCO, CA - Today, as the Biden-Harris Administration celebrates Earth Day, the U.S. Environmental Protection Agency announced the Executive Office of the State of Arizona has been selected to receive \$156,120,000 through the Solar for All grant competition.

What is the Solar for all program?

The Solar for All program advances President Biden’s Justice40 Initiative, which set the goal that 40% of the overall benefits of specific federal climate, clean energy, affordable and sustainable housing, and other investments flow to disadvantaged communities that are marginalized by underinvestment and overburdened by pollution.

What is solar for all?

In 25 states and territories nationwide, Solar for All is launching new programs and opening new markets for low-income, residential solar by providing subsidies and low-cost financing so households in low-income and disadvantaged communities can build and access affordable solar energy for the first time.

How will EPA's solar for all program help low-income households?

EPA estimates that the 60 Solar for All recipients announced today will enable over 900,000 households in low-income and disadvantaged communities to

deploy and benefit from distributed solar energy. This \$7 billion investment will generate \$350+ million in annual savings on electric bills for overburdened households.
