

# **Solar for all program arizona**

## Overview

---

In a unified front, Arizona's political leaders have publicly called for the U.S. Environmental Protection Agency and Office of Management and Budget to release the promised funds from the Solar for All grant program. Arizona Senator Mark Kelly, Governor Katie Hobbs, and other officials emphasized.

In a unified front, Arizona's political leaders have publicly called for the U.S. Environmental Protection Agency and Office of Management and Budget to release the promised funds from the Solar for All grant program. Arizona Senator Mark Kelly, Governor Katie Hobbs, and other officials emphasized.

Solar for All Arizonans is a transformational opportunity to: Exponentially increase statewide rooftop solar capacity from 7 megawatts (MW) to more than 61 MW. Lower electricity bills for eligible participating households by at least 20%. Electrify households currently without power, and avoid over.

Grants and/or low-interest loans on distributed residential solar installations. Grants for "Arizona-solar" projects, providing benefits of solar to low-income and historically underserved communities through bill credits. Grants and/or low-interest loans for solar and storage projects for families.

SAN FRANCISCO, CA - Today, as the Biden-Harris Administration celebrates Earth Day, the U.S. Environmental Protection Agency announced the Executive Office of the State of Arizona has been selected to receive \$156,120,000 through the Solar for All grant competition. With this funding, Arizona will.

Arizona is among the top five states in the nation for solar energy production. Arizona officials are urging the federal government to release more than \$150 million in solar energy funding that was awarded to the state last year. In a joint letter to the U.S. Environmental Protection Agency (EPA). What is the Solar for all program?

The Solar for All program advances President Biden's Justice40 Initiative, which set the goal that 40% of the overall benefits of specific federal climate, clean energy, affordable and sustainable housing, and other investments flow

to disadvantaged communities that are marginalized by underinvestment and overburdened by pollution.

How much money does Arizona get through solar for all?

April 22, 2024 SAN FRANCISCO, CA - Today, as the Biden-Harris Administration celebrates Earth Day, the U.S. Environmental Protection Agency announced the Executive Office of the State of Arizona has been selected to receive \$156,120,000 through the Solar for All grant competition.

What is solar for all?

In 25 states and territories nationwide, Solar for All is launching new programs and opening new markets for low-income, residential solar by providing subsidies and low-cost financing so households in low-income and disadvantaged communities can build and access affordable solar energy for the first time.

How will EPA's solar for all program help low-income households?

EPA estimates that the 60 Solar for All recipients announced today will enable over 900,000 households in low-income and disadvantaged communities to deploy and benefit from distributed solar energy. This \$7 billion investment will generate \$350+ million in annual savings on electric bills for overburdened households.

What information does solar for all provide?

It also provides maps of the states covered by multistate grantees , and information that is useful to Solar for All grantees such as examples of position descriptions or requests for proposals for programmatic functions necessary to deploy low-income solar programs.

What is CESA's solar for all program?

To learn more about the prospective timeline of this program, see CESA's Solar for All Briefing for Community-Based Organizations. CESA convenes, informs, and assists the bipartisan network of states and nonprofit Solar for All grantees on a national scale.
