

# **Solar fountain with rechargeable battery**

## Overview

---

Can a solar water fountain be used as a battery backup?

You can place this solar with battery backup water fountain on the patio, in the garden or in the yard use solar power to energize your outdoor decor. This solar fountain will add a modern charm to your outdoor space. Plus you can easily mount and conceal the solar panel in a sunny place and enjoy.

What is an outdoor solar with battery backup wall fountain?

An outdoor solar with battery backup wall fountain, such as this one, is ideal for any patio or garden wall. It features a solar panel and battery backup, ensuring the fountain continues to operate even during power outages. The fountain boasts a classic lattice design with a Decorative faucet. Water flows from the faucet down to the second level where it splits into three streams and flows into the basin below.

Does Home Depot have a solar fountain pump?

To verify or get additional information, please contact The Home Depot customer service. Experience the magic of an always-flowing fountain with our solar-powered fountain pump, equipped with an 8W solar panel and a 3000mAh battery backup to ensure uninterrupted operation even on cloudy days.

How big is a solar outdoor fountain?

- **GREAT SIZE FOR ANY SPACE:** This solar outdoor fountain is 23" in diameter x 34.5" H and weighs 20 lbs. It has a 10" diameter base. The solar panel measures 7.5" W x 8.5" H. The recommended water capacity of this fountain is 3 gallons. Additionally, the pedestal is 16" H, the height to the bottom bowl is 21", and the top bowl has a 13" diameter.

How long does a solar battery last?

The battery provides up to four hours of backup power, ensuring continuous

flow even when the sun fades. Once the battery is depleted, the system automatically switches back to solar mode, resuming operation when sunlight returns.
