

# **Solar installers decatur near me**

## Overview

---

How do I find a reputable solar installer in Decatur?

Make sure your solar installer provides a consultative, professional solar experience, and if you're also purchasing a solar battery system, they have proven experience with those products too. By doing the legwork for you, EnergySage makes it easy to find reputable solar installation companies in Decatur, IL.

How much do solar panels cost in Decatur IL?

How much do solar panels cost in Decatur, IL?

As of February 2024, the average solar panel cost in Decatur, IL is \$3.16/W. Given a solar panel system size of 5 kilowatts (kW), an average solar installation in Decatur, IL ranges in cost from \$13,428 to \$18,168, with the average gross price for solar in Decatur, IL coming in at \$15,798.

Do solar installers rely on subcontractors?

In some instances, solar installers will rely on subcontractors to perform some, or all, of the work included during your solar installation. Don't let this put you off: it's entirely standard procedure in the industry.

What questions should you ask a solar installer?

When you've narrowed down your list of potential solar installers, be sure to ask who will install the system—their own crew or subcontractors—and, if they use subs, ask why they do, what portion of the install the subcontractors will complete, and what oversight the company you purchase your system from has over the subcontractors.
