

Solar installers inland marine

LiFePO₄

Wide temp: -20°C to 55°C

Easy to expand

Floor mount&wall mount

Intelligent BMS

Cycle Life:≥6000

Warranty :10 years

Overview

What marine solar power solutions are available?

Both these marine solar power solutions include the flexible Aquarius MAS (Management and Automation System). This compact marine computer monitors the performance of a solar power array & battery pack, logs data, switches equipment on/off, calculates vessel emissions, records fuel consumption and displays system alarms.

How do marine solar panels work?

The energy collected by the marine solar panel array (s) or string (s) of photovoltaic (PV) panels can be used to power a DC load, provide a source of back-up or emergency power or be connected to an AC load via an inverter. Thus any ship, vessel or offshore platform can tap into the clean, emissions free and renewable energy provided by the sun.

How do I contact marine solar?

Direct Contact: 1-800-788-2322 EXT 700 chris.purchas@marinesolar.com How does a solar charging system work?

A solar charging system works exactly the same as your on-board house battery charging system. The big difference is that the solar battery charger is powered by the sun instead of shore power or a generator.

Who is marine solar innovations?

Marine Solar Innovations Inc. was created offering innovative high quality products, competitive pricing and better service than any other enterprise in this area. Our company goal is to offer the boating and RV community "Outstanding Customer Service and Unbeatable Pricing". Direct Contact: 1-800-788-2322 EXT 700 chris.purchas@marinesolar.com.

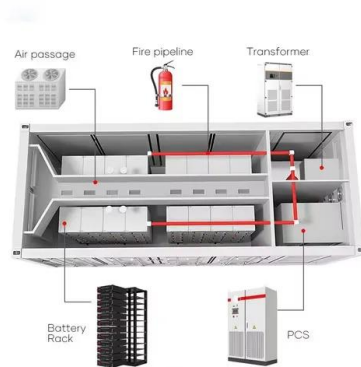

Which batteries are best for marine solar power projects?

For most marine solar power projects EMP recommends the the UB (UltraBattery) series from Furukawa Battery and can be supplied with an easy to assemble frame mounting kit. These hybrid VRLA batteries are easy to install and have a long cycle life.

Solar installers inland marine

Marine Solar Installation

Whether you cruise or fish, we tailor solar solutions that meet your boat's power needs, space constraints, and budget. From consultation to custom installation, our specialists deliver reliable energy that works -- wherever you drop anchor.
