

# Solar inverter cover box

**Application scenarios of energy storage battery products**

## Overview

---

Which solar inverter covers are available?

We have solar inverter covers for Fronius Primo and Fronius Symo inverters, Sungrow and Sungrow Hybrid inverters, Solaredge inverters and Goodwe inverters as well as battery covers for the Tesla Powerwall and Sungrow battery plus many more. We chose to design a universal cover which means our covers have no cutouts in the front panel.

Why do you need a solar inverter cover?

**Durability:** Made from marine-grade aluminium, our solar inverter covers offer superior protection against the elements, ensuring weather protection and contributing to a longer life for your solar inverters. **Ease of Use:** Simple assembly and installation make it easy to protect your inverter in no time.

How do I install a solar inverter cover?

**Assemble the Cover:** Connect the 4 main cover pieces using the provided bolts and screws. **Mounting:** Insert 4 screws into your wall at the mounting location. Then, mount the cover onto these screws using the mounting points on each leg. Protect your solar inverter with our durable and stylish solar inverter covers.

Why are our solar inverter and battery covers designed in Australia?

Our solar inverter and battery covers are thoughtfully designed in Australia, ensuring they meet the unique needs of our harsh climate. Join the thousands of Australians who have chosen to support a homegrown business committed to delivering top-tier products and exceptional customer service.

Why should you choose a UK-designed battery & inverter cover?

Our UK-designed battery and inverter covers offer reliable protection for outdoor solar energy systems. Built from weather-resistant materials like polycarbonate and aluminium, they shield your inverter and battery from rain,

UV rays, and debris—extending their lifespan and performance.

Does sunny cover solar inverter?

Luckily, at Sunny Covers, we have affordable and durable covers for solar inverters for all major brands, including Fronius, Sungrow and Goodwe. No matter what kind of solar setup you have, we have an inverter shade solution that will protect your investment and ensure your solar system operates without a hitch.
