How to decorate your home with solar energy?

For your home or office, you can find many options of lights that work on solar energy, such as table lamps, tube lights, and LED bulbs. Solar torches can

help you carry light in outdoor areas and light strips with solar panels can help you decorate your home this festive season. You can choose one as per your requirements and budget.

What are indoor solar lights?

Indoor solar lights are energy-efficient, versatile, and portable lighting options that use solar energy. They are cost-efficient, long-lasting, and reliable during power outages. Indoor solar lights absorb sunlight during the day with solar panels and convert it into electricity to power the lights at night.
