

Solar outdoor water fountain pump

Overview

Our pumps are powered by high-efficiency solar panels that convert sunlight into power instantly. No cords, no outlets—just the sun and your water. Simply float the pump in water, place the panel in direct sun, and enjoy. Ideal for birdbaths, small ponds, basins, or DIY.

Experience the magic of an always-flowing fountain with our solar-powered fountain pump, equipped with an 8W solar panel and a 3000mAh battery backup to ensure uninterrupted operation even on cloudy days. Transform your outdoor space into a serene oasis with its all-in-one pond filter, providing.

A solar powered fountain is a great idea for smaller ponds because the movement of the water will help create oxygen for the fish and other aquatic animals that live there. They work great for adding a bit of decoration to your garden, and if you have a birdbath, it will make a great addition there.

Whether you are looking for the most environmentally friendly pumping solution on the market or want to give your garden a plus of beauty and elegance, a solar-powered water pump is what you should look for. It's 100% green, efficient and cheap! Each pump comes with its solar panel, and it's.

Silicon Solar is the proud manufacturer of a variety of solar fountains and pumps. Crucial to the appearance of a well-designed garden is the lighting system and water features selected to enhance it. Our selection of industry-

leading solar fountain pumps at rock-bottom prices are the perfect way.

The solar water pump is a landscape fountain product that uses solar panels to drive pumps to pump water. This product uses a high-efficiency monocrystalline silicon solar panel and elevated efficiency brushless submersible pump. The package comes with 6 nozzles, which allows you to choose.
