Solar Panels Increase Property Values , Ecohouse Solar, LLC

Increase home value 3-4% by installing a solar panel system Multiple studies have shown that homes with solar panel systems are valued and sold at prices above similar homes in their area. Early studies focused on established solar markets such as California found that home values increase by four percent or more when homes are equipped with solar panels. Lawrence

Five years into living with solar, Jeff and Sara are as enthusiastic about their system as they were when the panels were first installed. Speaking with them in their dining room, their faces just light up (well as much as you can see of them under their masks). One of the first houses in Grandview to install solar, the couple even hosted an open house when their system was first ...
