Providing complete turnkey solar and battery energy storage solutions (BESS) power solutions for rooftop, commercial, ground mount and car port solutions up to mega watt scale PV projects. We offer both full EPC scope including hardware supply as well as EPC for the balance of system (BOS).

Bilion Power Solutions delivers EPC services to homes and corporate clients across South Africa. As a solar EPC provider, we design the plant, procure all necessary materials, and construct the power plant with certified teams. We ensure that every project meets performance, timeline, and budget.

Company tax in South Africa is 28%. With this incentive you can deduct the value of your new solar power. Our engineers can provide you with a best and free, no-obligation estimate of your solar project. We understand the specific needs of our clients. That's why we custom design every install. See.

Our company offers turnkey EPC services for solar projects, ensuring that your solar project is completed on time, within budget, and to the highest quality standards. EPC stands for Engineering, Procurement, and Construction, and it is a comprehensive approach to solar project management that.

EPC contracts can reduce project costs by 20% compared to traditional multi-contract methods due to streamlined processes and economies of scale. EPC contracts typically reduce project timelines by up to 30%, ensuring quicker

commissioning and faster return on investment . Our expert engineering.

Nexsola Energy is a South African-based Renewal Energy Distributor and EPC Contractor. Nexsola Energy offers end-to-end turnkey Product solutions for solar infrastructure projects, covering every aspect from design to deployment, backed by a highly skilled and experienced team. Our EPC approach.
