

## **Solar panel cost in delhi**

## Overview

---

How much does a solar panel cost in Delhi?

Without subsidies, the solar panel price in Delhi varies depending on the capacity, quality, and brand of the panels. Typically, the price of a solar panel system ranges between ₹75,000 to ₹85,000 per kilowatt (kW), excluding installation charges.

Can Delhi residents install solar panels at a reduced cost?

With generous subsidies and incentives, Delhi residents can install solar panels at a reduced cost while benefiting from long-term energy savings. This guide provides a detailed breakdown of the latest solar system prices, subsidy structures, and installation processes for 2025.

How to save money on solar panels in Delhi?

With both subsidies combined, you can save up to 40% on total solar cost. For instance, a 3 kW system priced at ₹1,22,979 can drop to around ₹73,787 after subsidies. When factoring in the subsidy, the solar panel price in Delhi with subsidy becomes much more affordable.

What are the different types of solar panels available in Delhi?

Solar panel systems are available in various types and sizes to meet the diverse needs of residential and commercial customers. These include off-grid solar, on-grid, and hybrid solar systems. Presently, the solar subsidy in Delhi is only applicable to on-grid solar systems installed on-site.

Is solar a good investment in Delhi?

Likewise, solar is a cheaper energy source and promises high returns on investment over the 25 years of the system's lifespan. Solar rooftop subsidy in Delhi has further reduced the cost of solar, making it a more profitable investment for households. The solar system installation process is done via the National Portal for Rooftop Solar.

Are solar panels a smart investment in Delhi in 2025?

Delhi is moving fast towards clean energy, and rooftop solar systems are becoming a popular choice for homes and businesses. With rising electricity bills and government support, installing solar panels in 2025 is a smart investment.
