## Overview

---

How long does it take to install solar panels in Phoenix?

Efficient Solar Panel Installation with Minimal Disruption! Our skilled technicians in Phoenix install your solar panels quickly and proficiently, often within a single day. We respect your time and property, guaranteeing a swift and smooth installation process that sets you up for immediate solar benefits.

How does solar PV installation work in Phoenix?

Once we affirm that the property is a good fit, we will submit a Solar PV application in Phoenix. This initiates the process with the government in order to get a solar permit for your property. Once we receive the permit from the government, we will begin the installation process.

Can I get a solar energy credit in Phoenix AZ?

When you install a solar energy system, you can receive some of the cost back in the AZ solar energy credit form. Federal tax incentives for solar power could also make your new system even more affordable. PEP Solar is your trusted choice for solar panels installed in Phoenix, AZ. Harness the sun's power with our expert services. Go green, go PEP!.

Are solar panels a good selling feature for Arizona Homes?

Solar panels are an attractive selling feature for Arizona homes. If you decide to sell your home, having solar panels can attract more buyer attention and boost the overall sale price—yet another way for you to recoup your initial investment. PEP Solar, a premier solar installer in Phoenix, pioneers sustainable energy solutions.

Should you upgrade to solar energy in Phoenix?

When you live in the Valley of the Sun, upgrading to solar energy makes sense. Phoenix gets about 300 days of sunshine yearly, adding up to more than 3,800 hours that you could use solar to generate your power.

Why do you need a solar energy system in Phoenix?

This type of system is advantageous for those who want to be independent of the local electrical grid, but also a backup plan during a system failure. Contact Phoenix Valley Solar to schedule an appointment to evaluate your property in Phoenix and answer any questions that you may have. We will design a solar energy system to meet your needs.
