Solar panel storage box turnkey solution price in Ireland

Overview

How much does a solar PV system cost in Ireland?

A solar PV system costs between €4,600 – €8,700 in Ireland in 2025 with the SEAI grant. The exact price will depend on the number and type of solar panels used. You can expect the peak solar output of your solar PV system to be between 1.76kWp to 7.04kWp.

How much does a solar battery cost in Ireland?

The cost of Kirra Energy's solar batteries in Ireland typically ranges from €1,500 to €4,000, depending on the battery's capacity and type. Factors such as capacity, warranty, and type of system influence the overall cost. Can Kirra Energy add a battery to my existing solar PV system?

Yes, we can add a battery to your existing solar PV system.

How long does a solar PV system last in Ireland?

For most people, a solar PV system will pay for itself in 5-6 years. After that, it's free electricity all the way. An average household in Ireland can meet 75-100% of its electricity usage just from solar panels, though a solar battery may be needed to reach these numbers especially if you're usually out during the daytime.

Are solar panels a good investment in Ireland?

Increased home value: Properties with solar panels are more attractive to buyers. Sell excess energy: Homeowners can now sell surplus solar electricity back to the grid. With government grants, reduced energy costs, and low maintenance requirements, solar panels are a smart investment for both homeowners and businesses in Ireland.

How can solar panels help a home in Ireland?

Solar panels can provide up to 70% of your household's energy needs,

resulting in: Thanks to the Micro-generation Support Scheme (MSS) and Clean Export Guarantee (CEG), Irish homeowners can now earn money by exporting unused electricity back to the grid.

How much does a solar storage battery cost?

Adding a standard-sized solar storage battery (5.3kWh) would increase the price by approximately €1,700 - €2,200. This cost includes the hybrid inverter required to work with the battery. Let's start with a disclaimer - this is just a rough guide to help you decide if you'd like to investigate getting solar PV panels installed on your house.
