Solar panels for home installation cost

Overview

How much does solar panel installation cost?

On the high end, solar panel installation can cost over \$40,000. On the low end, it only costs a few thousand. It all depends. Additionally, none of these prices account for incentives like the federal investment tax credit (ITC), which can make your solar system up to 30% more affordable.

How much do commercial solar panels cost?

Generally, installing solar panels on businesses costs a bit less per watt because the systems are larger, but the total costs will be higher. In 2025, the average cost for commercial solar panels is just about \$2.00 per watt. There is a lot to consider when figuring out how much you'll spend on a solar installation.

How much does a solar system cost?

If you just need a few panels for a small do-it-yourself solar project, expect to pay around \$200 to \$350 per panel (between \$0.80 and \$1.40 per watt). Note: The table below doesn't include the cost of a solar storage battery, which can add anywhere from \$7,000 to \$18,000 to your total solar system costs.

Should you install solar panels yourself?

When you install solar yourself, you don't have to pay labor costs, customer acquisition costs, or installer profit margins. However, installing solar panels is dangerous, and taking the DIY route can void your warranties and even prevent you from connecting to the grid. How much do solar panels cost if I buy used solar panels?

How much do Solar shingles cost?

Solar panels are the most popular choice for solar energy, but they are not the

only option. If your budget allows, solar shingles cost \$4 to \$14 per watt and look like traditional roof shingles, blending in better with the surroundings and offering a sleeker alternative to standard solar panels. Are solar panels worth it?

•

How much does solar cost per watt?

For reference, the national average cost of solar panels is \$3.03 per watt. Solar rebates help make solar more affordable by directly lowering the upfront cost of a solar installation. If you have access to solar rebates, consider yourself lucky! They are few and far between these days.
