

Solar panels for my home oracle complaints

Overview

As rooftop solar has grown dramatically, so have the deceptive schemes and bad actors shilling for it. State attorneys general and the FTC have been receiving complaints about these companies like SolarCity and Vivint Solar for years, but have been slow to hold them accountable.

As rooftop solar has grown dramatically, so have the deceptive schemes and bad actors shilling for it. State attorneys general and the FTC have been receiving complaints about these companies like SolarCity and Vivint Solar for years, but have been slow to hold them accountable.

Installing rooftop solar panels should be an easy decision for customers looking to lower their electric bills and reduce their reliance on fossil fuels. Net-metering and generous tax credits have made it more affordable than ever for homeowners to install panels and reap the financial benefits of.

But with this expansion, has come an increasing number of disgruntled solar customers that are posting bad reviews about solar companies online, filing complaints with agencies such as the Better Business Bureau (BBB), state consumer protection departments and Attorney Generals, and even taking.

Demand for solar-powered home systems has increased rapidly in the last several years. With that demand comes fierce competition within the solar panel market. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. While there are still many honest.

In the worst cases, homeowners have been left making payments on overpriced systems that don't work, with little to no support from the installation company that put the panels on their roof. To avoid getting scammed, you need to know what to look out for and when to walk away. Here's our guide to. Are solar panels a scam?

With that demand comes fierce competition within the solar panel market. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. While there are still many honest and reliable

solar panel companies on the market, it can be hard to differentiate the good guys from the rest.
