Solar panels uk octopus

Overview

Octopus Energy Solar provides high-quality, MCS-certified solar panel installations designed for UK homes. Octopus Energy handles the entire process from initial consultation to professional installation, making solar power accessible and straightforward.

Octopus Energy Solar provides high-quality, MCS-certified solar panel installations designed for UK homes. Octopus Energy handles the entire process from initial consultation to professional installation, making solar power accessible and straightforward.

As one of the UK's most trusted energy providers, Octopus delivers full-service solar panel installations with top-tier hardware, expert engineering, and fair pricing — all tailored to your needs.

The cost of a panel-only installation by Octopus starts from £6,163 (for 2 panels). A 10 panel installation and a 5kWh battery (our most popular system) costs £8,477 with an essential battery or £10,193 with a smart battery.
