Solar pond fountain bunnings

[AP300SP, AP960SP & AP1360SP SOLAR PANEL & PUMP ...](#)

Solar-powered water fountain to add a focal point to the front garden. Underground solar cables and solar panels mounted on post hidden behind trees so as to be inconspicuous and not detract from the view, yet receive full sun.

[Have you installed a solar water feature](#)

If you're feeling creative you could dig out a pond and line it with a pond liner or use multiple tubs to create a waterfall effect. As long as the height of your creation is under that 500mm limit you can pretty much lay it out however you wish.

[Solar Water Fountain , Solar Water Feature](#)

FAQs What are the benefits of solar water fountains? The benefits of having a solar-powered water fountain include the ability to move your fountain wherever and whenever you please, as you only need the sun to power it with solar panels.
