Quality inverters, bifacial solar panels, complete solar kits, solar batteries. Holding best in class brands such as EG4 Electronics with their revolutionary solar rack batteries the LifePower4 and Eg4 LL, avail.

How can solar energy be used to power our planet?

Virtually unlimited power is available from our nearest star, the Sun. In just one hour, our planet receives more energy from the sun than the entire world uses during an entire year. Electricity-producing solar panels have only been around for the last 60 years, yet they have completely transformed how we harness solar energy.
