What is a solar powered water pump kit?

Solariver™ Solar Powered Water Pump Kits are designed for bird baths and fountains. Our kits offer convenient functionality and numerous benefits including dry-run protection, adjustable flow settings and non-toxic to animals and wildlife.

Why should you choose a solar fountain pump?

Crucial to the appearance of a well-designed garden is the lighting system and water features selected to enhance it. Our selection of industry-leading solar fountain pumps at rock-bottom prices are the perfect way to bring your new water feature to life, or replace an aging pump that is on its last legs.

Can a solar water pump make a fountain?

Solariver's solar-powered water pump can create beautiful fountains —- even pushing water 4-6 feet in the air. Since not all water features need that much power or volume of water, some of our solar water pumps come with adjustable valve control so you can control the water flow.

What is a solar fountain pump?

The Solar Fountain Pump is a solar-powered device, which means that it leaves a small footprint on the environment. It is designed to function without the use of any electricity or the use of batteries, so you will need to make sure that this fountain pump is positioned in a sunny location.

What are the best solar-powered fountain pumps?

The next fountain pump, which is from Lewisia, is another excellent solar-powered option that will begin working as soon as it sits in the sunlight for a few moments. This fountain pump comes with multiple faces so that you can choose the pattern that you want to use in your garden.
