

Solar system board game

Overview

How do you play the Solar System game?

In Amoeba Wars, players starting from corners of a hexagonal board direct fleets of ships to capture solar systems and push back amoeba infestations and renegade doomsday machines (relics of the empire) trying to control the central solar systems and retake Saestor, the old homeworld, at the center of the board.

What is the Solar System game?

Welcome to the solar system game, with this game you will learn everything about the revolution of planets around the sun, discover a detailed description of each planet, learn the history of our solar system. There is a very interesting maze, where you have to drag and drop in order to find the position of planets relative to one another.

How many interesting facts do you learn in the Solar System?

Players learn more than 200 interesting facts about the solar system as they advance through three stages of play from the novice to master level. Players collect card sets consisting of "object" and "interesting facts" cards. The object of the game is to collect as many card sets as possible.
