Why should I buy my own solar kit online?

When you buy your own solar kit online, you'll easily save 30-50% or more! All backed by free lifetime customer support when you source a complete solar panel kit from Shop Solar -- get everything you need to go solar delivered straight to your door!

What is a solar panel kit?

Our solar panel kits for home are easy for you or a contractor to install. Each solar panel kit comes with solar panels, grid-tie inverters and mounting hardware and is customized to your energy needs and home's unique specifications. Take our quick questionnaire to create a custom solar panel kit based on your energy needs.

How much does a solar system cost?

An average-sized residential system has dropped from a pre-incentive price of \$40,000 in 2010 to roughly \$20,000 today.” Keep in mind, there is a federal solar tax credit available to all US homeowners worth 30% of the cost of going solar. So, for an average \$20,000 system, the tax credit is worth \$6,000 and would reduce the net cost to \$14,000.
