Higer conversion efficiency

CAN/RS485/WIFI/4G
Blue tooth communication

20 Kwh

30 Kwh

50 Kwh

Thick shell, well protection for inside cells

BMS customization supported

The advertisement features three stacks of white battery units on wheels, labeled 20 Kwh, 30 Kwh, and 50 Kwh. The background shows a house and a snowy mountain range. The text highlights 'Higer conversion efficiency' and 'CAN/RS485/WIFI/4G Blue tooth communication'. At the bottom, two green boxes state 'Thick shell, well protection for inside cells' and 'BMS customization supported'.

Overview

What do I need to know about the solar Victoria portal?

The portal is a one-stop shop for solar customers and solar professionals. It allows solar customers to apply for eligibility for a Solar Homes rebate and for solar professionals to manage their customers' rebate claims.

How do I contact solar Victoria if I have an eligibility number?

If you have already applied for eligibility and received an eligibility number, please contact Solar Victoria on 1300 376 393 . What is an eligibility number?

An eligibility number is the unique number given to you once your eligibility for a rebate has been confirmed. You will use this number when engaging with Solar Victoria.

How do I apply for solar Victoria if I don't have Internet?

If customers do not have access to the internet themselves or via other means (family, friends, local library) then postal applications are still accepted. Customers can phone Solar Victoria on 1300 376 393 to initiate a postal application. What are eligibility numbers?

.

Why do I need to register my business on solar Victoria?

Registration on the portal is essential to ensure that your business is captured as an approved retailer for the Solar Homes Program. Registration is key for Solar Victoria to correctly register business and contact details, as well as bank account details to issue rebates.

How do I check my solar Victoria rebate application status?

Using the portal (application status) You can check an applications status through the dashboard in the retailer portal. Solar Victoria Portal - Dashboard

guide PDF999.88 KB (opens in a new window) Customer Application Started means the customer has secured a rebate allocation but has not submitted their application.

How does solar Victoria work?

Registration is key for Solar Victoria to correctly register business and contact details, as well as bank account details to issue rebates. The portal also enables Solar Retailers to provide details of customer quotes, which Solar Victoria uses to assess the rebate amount and interest free loan amount that an applicant is eligible to receive.
