Solar waterfall fountains kit

Overview

Where are these solar waterfall pump kits made?

The AquaJet Maxflow series solar waterfall pump kits are made in New York. They deliver high volume water pumping powered by the sun.

Who makes the best solar water fountain pumps?

Dispatched and sold by Silicon Solar. Silicon Solar has manufactured water pumps for over 14 years making the AquaJet series solar water fountain pumps one of the most reliable solar pumps available on the market. This is the perfect cost effective solar pump kit to bring a little life to your terrace or garden.

What is a solar waterfall pump?

A solar waterfall pump is a high volume water pump powered by the sun. The AquaJet Maxflow series from Silicon Solar delivers such pumps, allowing you to build your own solar waterfall. These pumps are made in New York.

Can I create my own solar waterfall pump?

For years, we've been missing a high volume solar waterfall pump system that truly allows you to build your own solar waterfall. The solar panel directly powers the submerged solar waterfall pump kit.

Where are the AquaJet Maxflow series solar waterfall pump kits made?

The AquaJet Maxflow series solar waterfall pump kits are made in New York. They deliver high volume water pumping powered by the sun. The MaxFlow 50 is the largest solar fountain pump for our standard solar pump kits.

What is the largest solar fountain pump offered by Silicon Solar?

The MaxFlow 50 is the largest solar fountain pump for our standard solar pump kits. It's a direct power (runs on the sun) high volume pump kit

designed for use with pond aeration projects or backyard waterfalls. Most orders ship within 48 hours by FedEx.
