

Solar well pump kits for sale

Overview

What is a solar well pump kit?

[ALL IN ONE SOLAR WELL PUMP KIT] - This kit contains 4 pieces of 100W solar panels. The 3-inch deep well pump comes with an MPPT controller to connect the cables of the solar panels and the liquid level sensor. [HIGH STAINLESS STEEL PUMP] - The 140W DC screw pump is made of stainless steel, and the brushless motor provides powerful power.

What is a solar powered well pump system?

A solar powered well pump system is a setup that converts solar energy into DC power to operate and control well pumps. It provides off-grid electric power for irrigation or livestock water sources in remote locations.

How much does a well pump cost?
