

# Star sun solar energy

## 12.8V 200Ah

## Overview

---

### Who is Sun energy?

SUN Energy is Indonesia's #1 solar energy developer, spearheading the transition to clean energy through innovative and sustainable solutions. Since 2016, we have established ourselves as a key regional player, delivering high-impact solar energy projects across Thailand, Vietnam, Australia, and the broader Asia-Pacific region.

### Who is Solar Star Power?

Leading Solar Energy Specialists. Solar Star Power specialises in solar PV installations and battery storage solutions for both domestic and commercial properties. Our expertise covers a wide range of installation options, including ground mounting, domestic tile, slate roofs, in-roof mounting, metal trapezoidal, and cement fibre.

### Who is Sun Solar?

Sun Solar is a local, family-owned solar company that operates in Missouri. It is a member of the Missouri Solar Energy Industries Association (MOSEIA) and has been a leading advocate for introducing solar power and other green technologies in the state.

### Why does SunStar Solutions use micro-inverters?

As a company, we use Micro-Inverters to offer the most reliable inverters and best quality. We take pride in our world-class customer experience and attention to detail, and part of our services includes personalizing your proposal to satisfy your needs.

### Is solar energy the future of energy production?

Solar Energy is the answer if your priority is to secure your family's well being, produce your own clean energy, and prepare for the future. It just makes sense, the future is solar.

Is quality negotiable at SunStar Solutions?

At SunStar Solutions, quality is non-negotiable. We only work with Tier 1 panels that offer the most competitive warranties, performance, and aesthetics. Our commitment to quality is evident in our world-class customer experience and attention to detail.
