

Sunflower solar panel price

Overview

How much does a smartflower solar panel cost?

Now, let's talk about the numbers. How much does the SmartFlower cost?

Before applying for all incentives and tax credits, the SmartFlower solar panel system ranges in price from \$25,000 to \$30,000 with the average cost to install at \$27,000. There are two models that you can choose from, and this is why the price can vary.

Who makes smartflower solar panels?

The US subsidiary of Smartflower was operating from Boston, MA since 2016. Smartflower is the first comprehensive solar system, which works through a simple plug-and-play like any regular home appliance. The Smartflower was developed by SmartFlower™ company through innovative construction and the perfectly synchronized components.

What is a sunflower solar panel?

By mimicking the behavior of a sunflower, it maximizes solar efficiency, producing up to 40% more energy compared to traditional fixed solar panels. It also incorporates self-cleaning mechanisms and an integrated cooling system, ensuring efficiency and durability across different climates and weather conditions.

Is smartflower a good solar system?

Despite its high efficiency, Smartflower's cost is significantly higher than traditional solar solutions. Equipped with self-cleaning panels and a monitoring app, Smartflower offers models for both grid-connected and off-grid setups, including an EV charging option.

What is a smartflower solar PV system?

The smartflower is a kinetic all-in-one system, which comprises the monitor,

inverter, and control system in the cabinet of the unit. This solar PV system can be delivered, assembled, and installed in an hour or two.

What is the warranty on a smartflower solar panel system?

The SmartFlower solar panel system has a system warranty of 5 years and a module performance warranty of 25 years. This also differs from other solar panel systems that have 20 to 25-year warranties for both the system and performance. Even most ground-mounted systems with sun-tracking capability have 10-year system warranties.
