

# **Sunpower flexible solar panel**

## Overview

---

What is a SunPower flexible panel?

SunPower flexible panels are the #1 choice for customers due of the combination of high power and cell ruggedness. The panel can be installed with adhesives and/or use of stainless steel grommets in the panel. The panels have standard quickconnect cables. An easy-to-follow installation guide is provided with each panel.

What is a flexible solar panel?

SunPower's Flexible Solar Panel is designed to hold up in harsh marine environments and is the perfect choice for installing solar energy systems on boat cabin tops and other surfaces. Other flexible solar panels may appear equivalent, yet their performance and durability can vary widely. That's why it's important to look for the SunPower logo.

What is a SunPower solar panel?

Unlike conventional cells, the SunPower is the only cell built on a solid copper foundation which are resistant to power loss via cracking and corrosion. The Solar Panel is backed by SunPower's 5- year power and 2-year product warranty, also will provide the friendly customer services here always be happy to assist you.

How much does a SunPower solar panel weigh?

Made with SunPower's highest-efficiency Maxeon solar cells. Each panel comes with male and female Solar Cables/Connectors that can connect easily to solar compatible devices. Weighing at 4.4lbs, and flexible up to 30 degrees to get you ready in off-grid camping, sailing, or boon-docking in your RV.

What is a 100W flexible solar panel?

A 100W flexible solar panel is a solar panel with a power output of 100 watts. Our 100W flexible solar panel has an excellent efficiency rating of 23%,

allowing you to charge even faster. The panel's integrated bypass diodes prevent overheating while maintaining cell performance even in shaded environments.

Why should you choose SunPower solar panels?

Plus, our panels feature the highest-efficiency solar cells available which means more power or faster charging times for solar compatible batteries. Made with SunPower's highest-efficiency Maxeon solar cells, our portable solar panels deliver the most power and highest charging capacity in their product class.
