We scored SunPower 4.8 out of 5 stars, and the company topped our list of best solar companies of 2024 thanks to its top-of-the-line products. The company has some of the highest-rated solar panels and batteries on the market. Is SunPower a good company?

According to reviews, its customer service also varies from place to place, depending on the agent you talk to, but this isn't abnormal for such a large company. Across multiple review sites, customers overall rate SunPower highly. The company earns more than four stars on sites like ConsumerAffairs, Google and SolarReviews.

How much does SunPower solar cost?

Sunpower Solar will typically cost between \$15,000 and \$40,000; the pricing for the system largely depends on where you are located, how much electricity your system needs to produce, and what type of solar panel you choose.

Does SunPower have a good solar system?

The company has some of the highest-rated solar panels and batteries on the market. It offers four solar power lines, each boasting a better-than-average efficiency rating of 20% or higher. With service in all 50 states, SunPower is one of the largest solar installation companies in the country.

Is SunPower a good solar panel brand?

SunPower also offers an unparalleled 92% efficiency guarantee after 25 years, which is higher than any other panel brand out there. Some competitors are close, but for maximum longevity and value from your system, SunPower's panels are unbeatable.

Does SunPower offer a solar loan?

SunPower has its own in-house financing department, which means customers can get competitive solar loans with low-interest rates. For customers who are unable to pay the full price of the system upfront, springing for a solar loan is a great option.

What are SunPower reviews before September 2024?

Reviews before September 2024 reflect experiences with SunPower prior to its acquisition by Complete Solar, LLC. When you purchase a solar system from SunPower, the partner will help you prepare documents for homeowners association review and obtain all the necessary permits.
