

# **Sunpower solar panels review uk**

## Overview

---

We have brought together everything you need to know to compare the best and most efficient solar panel brands in the UK in 2025. The Project Solar Evolution Max 500 is best for efficiency, and our experts chose SunPower Maxeon as the best for durability. Are SunPower solar panels worth it?

First, SunPower's top-notch performance comes at a steep price. SunPower's panels are consistently among the most expensive on the market on a per-watt basis. Paying a premium for higher efficiency can make sense if you want to maximize long-term production and savings, and I personally think the premium is well worth it.

Does SunPower sell solar panels in the UK?

SunPower Corporation UK Ltd. – a subsidiary of Maxeon Solar Technologies – sells the panels in the UK. Is SunPower going bankrupt?

The SunPower Corporation has declared bankruptcy in the US.

What makes SunPower a good solar panel brand?

Warranty: The length and coverage of the equipment and performance warranties show how much faith SunPower has in its products. Stronger warranties provide better long-term protection for your investment. Price: I compare SunPower's prices to those of other panel brands to see how much of a premium the company commands.

Is SunPower a good solar company?

SunPower's cell technology earned the company its reputation as the most efficient on the market. Although it stopped manufacturing its own products in 2020, SunPower designed three lines of residential solar panels: SunPower Maxeon (M-Series), SunPower Performance (P-Series), and the U-Series.
