Sunstar pool solar panels

Overview

What is SunStar solar pool heating?

SunStar solar pool heating is a maintenance-free heating solution that offers the benefits of traditional pool heating with reduced energy costs over time. It is backed by a 12-year warranty and extends your swim season using energy-efficient floating-panel technology.

How long is the warranty for SunStar solar pool heating?

SunStar solar pool heating offers all the benefits of traditional pool heating with reduced energy costs over time, all backed by a 12-year warranty.

Does solar pool heating really work?

Although solar pool heating systems sound a little too good to be true, with zero operation costs and free pool heating, it does actually delivers. Solar energy is in fact the most inexpensive way to heat your pool! Install SunStar, solar pool heating collector, to extend the swim season (even double it in some regions).

Is SunStar a good pool heater?

Sunstar is an excellent option for both home and commercial pools. It provides a maintenance-free heating solution with its energy-efficient floating-panel technology, extending your swim season.

What is the most popular solar pool heating brand?

Heliocol is the most popular pool heating brand in the world, with over 30 years of engineering and research behind it. From the swimming pools of the Olympic Games to hundreds of thousands of satisfied customers, Heliocol is the leader in solar pool heating technology. Complete Sunstar solar pool heating kits are also available.

How do SunStar solar panels stay clean and dry?

Our state-of-the-art panels are very low maintenance with maximum efficiency. With an innovative mounting system, we have minimized roof connections and the panels “float” above the roof, allowing it to breathe while staying clean and dry. The SunStar Solar Pool Heating System lets you swim comfortably, even during the cooler months.
