# **Turnkey solar container turnkey solution price in Ghana**

## Overview

---

What is a complete 2mwh energy storage system & 1MW solar turnkey solution?

A complete 2MWh energy storage system + 1MW solar turnkey solution includes the following configurations: Optional solar mounts, PV combiner boxes, and PV cables. PVMARS provides a complete turnkey photovoltaic energy storage system solution.

Does turnkey install batteries?

Learn more. Whether you are switching to solar power or still using utilities, TurnKey can install batteries that ensure you have uninterrupted power during outages. Our batteries can keep your lights on through bad weather or keep your solar home on through the night.

What can turnkey energy do for You?

Whether your project is industrial, commercial, or personal. TurnKey Energy is ready to help you learn which systems and products will work best for your project, help you find financing options and rebates to keep your designs affordable, and install your new energy system with our in-house team of professionals. Brands we trust.

How does turnkey energy work with Generac?

TurnKey Energy works with Generac to provide affordable, long-term, and low maintenance solutions to keeping your lights on through any event. The generators we install turn on automatically when they sense an outage and can be scaled to your specific needs. Powering your entire house, or just the essentials.
