

# Water fountain outdoor solar

## Overview

---

Do solar water fountains use solar power?

Standard solar water fountains do not store solar power and can only operate when the solar panel is placed in direct sunlight. However, solar outdoor fountains with battery backup can use either solar or battery power, allowing you to enjoy your fountain at any time, day or night.

Can a solar water fountain be used as a battery backup?

You can place this solar with battery backup water fountain on the patio, in the garden or in the yard use solar power to energize your outdoor decor. This solar fountain will add a modern charm to your outdoor space. Plus you can easily mount and conceal the solar panel in a sunny place and enjoy.

Can a solar powered fountain be used outside?

Pumps are also operated these days using solar. Fountains for outdoor decoration are available based on solar power. Solar-powered fountains can be used during the day as well as at night because all fountains come with batteries. You can also use the fountain indoors if you want.

What are solar-powered fountains?

Our solar-power fountains are crafted from durable yet elegant materials. Some materials include: Outdoor solar-powered fountains require virtually no maintenance. They feature a small piece of sponge that covers the fountain pump and protects it from debris.
